

STA(WA) IRRIGATION SEMINAR 2018

Thursday 12 April 2018

7:30am - 3:30pm

4 Spartan Street, Jandakot

irrigation

The **Sports Turf Association (WA)** and **Reece Irrigation** are very proud to invite you to participate in a full day Irrigation Seminar to be held on Thursday 12 April. This seminar hosts a number of very important topics that we feel are vital for the success of your modern irrigation management practices. Key personnel from the **Department of Water and Environmental Regulation** will be there providing a comprehensive presentation on the very serious challenge we all face in managing our shared water resource in the Perth Peel region. Are you aware that we will all be facing a reduction in our extraction allocation up to 10% by the year 2025? Do you have any questions / suggestions for the DWER staff while they are here? We are all partners in this issue, so let's take the opportunity to work together.

In association with this topic we are proud to have long term sponsor Western Irrigation, present on the importance of not only monitoring the performance/maintenance of your irrigation bore pumps and hardware but also keeping a close eye on the health and quality of your ground water.

As we all know the key to managing a valued product or service is by knowing how much we are using and by knowing how well or how efficiently we are using it. The water we use for our irrigation in the Perth region is one such highly valued commodity, so we are proud to once again have our colleagues from **South Metro TAFE** on hand to provide a clear and easy to understand talk on Irrigation System Auditing.

Joining us during the day will also be presentations from **Rainbird Australia**, **Toro Irrigation**, **Reece Irrigation** and a special guest from **Aquatrols**.

I hope you can join us for what plans to be brilliant seminar day.

Tony Guy - STA(WA) President

Program

Time	Speaker	Topic
7:00	Registration
